Box.  b. (sent to the International containing a sequence listing Relating to Sequence Listing  This report contains indications relating  Box No. I Basis of the reputational Box No. II Priority	Bureau only) a total of (indicate type and/or tables related thereto, in electronic (see Section 802 of the Administrative Insort to the following items:	and number of electronic, form only, as indicated in the Supplemental Box tructions).				
Box.  b. (sent to the International containing a sequence listing Relating to Sequence Listing  4. This report contains indications relatin  Box No. I Basis of the reputation	Bureau only) a total of (indicate type and/or tables related thereto, in electronic (see Section 802 of the Administrative Insort to the following items:	and number of electronic, form only, as indicated in the Supplemental Box tructions).				
Box.  b. (sent to the International containing a sequence listing Relating to Sequence Listing  4. This report contains indications relating  Box No. I Basis of the reputable Box No. II Priority  Box No. III Non-establishmed Box No. IV Lack of unity of	Bureau only) a total of (indicate type and/or tables related thereto, in electronic (see Section 802 of the Administrative Inspector of the following items:	and number of electronic, form only, as indicated in the Supplemental Box tructions).				
Box.  b. (sent to the International containing a sequence listing Relating to Sequence Listing  4. This report contains indications relatin  Box No. I Basis of the reputation of the reputation of the sequence Listing  Box No. II Priority  Box No. II Non-establishman Box No. IV Lack of unity of Box No. V Reasoned statements	Bureau only) a total of (indicate type and/or tables related thereto, in electronic (see Section 802 of the Administrative Insort to the following items:  port  ent of opinion with regard to novelty, inverting the fine of the invention ent under Article 35(2) with regard to novel	and number of electronic, form only, as indicated in the Supplemental Box tructions).				
Box.  b. (sent to the International containing a sequence listing Relating to Sequence Listing  4. This report contains indications relatin  Box No. I Basis of the reputation of the reputation of the sequence Listing  Box No. II Priority  Box No. II Non-establishman Box No. IV Lack of unity of Box No. V Reasoned statements	Bureau only) a total of (indicate type and/or tables related thereto, in electronic (see Section 802 of the Administrative Insort of the following items:  port  ent of opinion with regard to novelty, invertinvention ent under Article 35(2) with regard to novel lanations supporting such statement	and number of electronic, form only, as indicated in the Supplemental Box tructions).				
Box.  b. (sent to the International containing a sequence listing Relating to Sequence Listing  4. This report contains indications relatin  Box No. I Basis of the reputation of the reputation of the sequence Listing  Box No. II Priority  Box No. III Non-establishmatical Box No. IV Lack of unity of Box No. V Reasoned statement citations and exputations and exputations and exputations.	Bureau only) a total of (indicate type and/or tables related thereto, in electronic (see Section 802 of the Administrative Insert of the following items:  port  ent of opinion with regard to novelty, inverting invention ent under Article 35(2) with regard to novel lanations supporting such statement ints cited	and number of electronic, form only, as indicated in the Supplemental Box tructions).				
Box.  b. (sent to the International containing a sequence listing Relating to Sequence Listing  4. This report contains indications relating  Box No. I Basis of the reputation Box No. II Priority  Box No. III Non-establishm  Box No. IV Lack of unity of the sequence ditations and exputations and exputations and exputations.  Box No. VI Certain documents.	Bureau only) a total of (indicate type and/or tables related thereto, in electronic (see Section 802 of the Administrative Insert of the following items:  port  ent of opinion with regard to novelty, inverting the finvention ent under Article 35(2) with regard to novel lanations supporting such statement ints cited in the international application	and number of electronic, form only, as indicated in the Supplemental Box tructions).				
Box.  b.   (sent to the International containing a sequence listing Relating to Sequence Listing Relating to Sequence Listing  4. This report contains indications relating   Box No. I Basis of the report contains indications relating   Box No. II Priority   Box No. III Non-establishment   Box No. IV Lack of unity of the sequence of the sequence citations and experiment   Box No. VI Certain document   Box No. VII Certain defects in   Box No. VIII Certain observations   Box No. VIII Certain observations   Certain observation	Bureau only) a total of (indicate type and/or tables related thereto, in electronic (see Section 802 of the Administrative Insert of the following items:  port  ent of opinion with regard to novelty, inverting the fine of the following items:  ent under Article 35(2) with regard to novel lanations supporting such statement ints cited  in the international application tions on the international application	and number of electronic, form only, as indicated in the Supplemental Box tructions).  Intive step and industrial applicability  elty, inventive step or industrial applicability;				
Box.  b.   (sent to the International containing a sequence listing Relating to Sequence Listing Relating to Sequence Listing  4. This report contains indications relating   Box No. I Basis of the report contains indications relating   Box No. II Priority   Box No. II Non-establishme	Bureau only) a total of (indicate type and/or tables related thereto, in electronic (see Section 802 of the Administrative Insert of the following items: port ent of opinion with regard to novelty, inverting the fine of the following items: and the fine of the following items: port ent of opinion with regard to novelty, inverting the fine of the fine o	and number of electronic, form only, as indicated in the Supplemental Box tructions).  Intive step and industrial applicability  elty, inventive step or industrial applicability;				
Box.  b.   (sent to the International containing a sequence listing Relating to Sequence Listing 1.5   (Sequence Listing 1.5	Bureau only) a total of (indicate type and/or tables related thereto, in electronic (see Section 802 of the Administrative Insing to the following items: port  ent of opinion with regard to novelty, inverting the fine of the invention ent under Article 35(2) with regard to novel lanations supporting such statement ints cited in the international application  Date of completion 5)	and number of electronic, form only, as indicated in the Supplemental Box tructions).  Intive step and industrial applicability  elty, inventive step or industrial applicability;  In of this report  12. Oct. 2005 (12.10.2005)				
Box.  b.   (sent to the International containing a sequence listing Relating to Sequence Listing 1.5   (sent to the International containing a sequence listing 1.5   (sent to the International containing a sequence Listing 1.5   (sent to Sequence Listing 1.5   (sequence	Bureau only) a total of (indicate type and/or tables related thereto, in electronic (see Section 802 of the Administrative Insert of the following items:  port  ent of opinion with regard to novelty, inverting invention  ent under Article 35(2) with regard to novel lanations supporting such statement into cited  in the international application  Date of completion  Authorized officer	and number of electronic, form only, as indicated in the Supplemental Box tructions).  Intive step and industrial applicability  elty, inventive step or industrial applicability;  In of this report  12. Oct. 2005 (12.10.2005)				
Box.  b.   (sent to the International containing a sequence listing Relating to Sequence Listing 1.5   (Sequence Listing 1.5	Bureau only) a total of (indicate type and/or tables related thereto, in electronic (see Section 802 of the Administrative Insection of the following items:  Boott ent of opinion with regard to novelty, inverting the finvention ent under Article 35(2) with regard to novel lanations supporting such statement ents cited in the international application tools on the international application  Date of completion Authorized officer the P.R.China.	and number of electronic, form only, as indicated in the Supplemental Box tructions).  Intive step and industrial applicability  elty, inventive step or industrial applicability;  In of this report  12. Oct. 2005 (12.10.2005)				
Box.  b.   (sent to the International containing a sequence listing Relating to Sequence Listing a sequence Listing Relating to Sequence Listing    4. This report contains indications relating    Box No. I   Basis of the repulse    Box No. II   Priority    Box No. III   Non-establishme    Box No. IV   Lack of unity of the list    Box No. V   Reasoned statement    Contain defects in list    Box No. VII   Certain defects in list    Box No. VII   Certain observa    Date of submission of the demand    01. Jan   2005 (01.01)200    Contain and mailing address of the IPBA/CN    The State Intellectual Property Office,	Bureau only) a total of (indicate type and/or tables related thereto, in electronic (see Section 802 of the Administrative Insing to the following items: port  ent of opinion with regard to novelty, inverting the finvention ent under Article 35(2) with regard to novel lanations supporting such statement into cited in the international application  Date of completions)  Authorized officer the P.R.China, istrict, Beijing, China	and number of electronic, form only, as indicated in the Supplemental Box tructions).  Intive step and industrial applicability  elty, inventive step or industrial applicability;  In of this report  12. Oct. 2005 (12.10.2005)				

## INTERNATIONAL PRELIMINARY REPORT ON PATENTABILITY

## INTERNATIONAL PRELIMINARY REPORT ON PATENTABILITY

International application No.

Box No. V Reasoned statement under citations and explanations	r Article 35(2)	with regard to novelty, invent	ive step or industrial applicability;
1. Statement:	o dapporting 5	uch statement	
Novelty (N)	Claims Claims	1-8	YES NO
Inventive step (IS)	Claims .	1-8	YES NO
Industrial applicability (IA)	Claims . Claims .	1-8	YES NO
2. Citations and explanations (Rule 70.7	7)		
The following documents have been			

owing documents have been cited herein:

Document1: Yang Ruolin, et al., Journal of China Pharmaceutical University, 1999, Vol.30, No.2, p81-85

Document2: HOU Dian jie, et al., Chinese Journal of Medicinal Chemistry, 2002, Apr., Vol.12, No. 2, p103-104

Document3: CN1394603A

Documents 1-3 described puerarin derivatives, such as alkyl ester and ether of puerarin. However, the derivatives disclosed in the above documents are not included in general formula (I) set forth as claim 1 of this application. Moreover, D1-3 neither teach nor suggest the compounds of the claim 1 having alkylaminoalkoxyl substituents and the use thereof.

Thus, claim 1 is novel and not obvious from the description in those documents, meeting the criteria of novelty step set out in PCT Article 33(2) and inventive step set out in PCT Article 33(3).

In term of above, claims 2-8 meet the criteria of novelty set out in PCT Article 33(2) and inventive step set out in PCT Article 33(3).

Claims 1-8 meet the criteria of Industrial applicability set out in PCT Article 33(4).
